WORK EXPERIENCE

Brazilian Army @ESAO

Rio de Janeiro, RJ|Brazil

IT assistant for the technical team

March 2023 – January 2024

- Offered overall support for the technical team, aided and also led a handful number of key projects.
Experience:
 - Admission site for the ESAO traditional marathon
 - “My superiors entrusted me to lead my team in creating a temporary subscription website for the organization’s traditional marathon event.”
 - Intuition website modernization
 - “I significantly improved the optimization of my barracks’ site, making it run faster with modern technologies while using minimal computer memory.”

PROJECTS AND SKILLS

Us GDP Chart (1945 – 2015)

March 2024 – April 2024

I incorporated a JSON API using the D3.js library, which converted each data point into a bar on the chart. This allowed me to observe the annual revenue of the US from 1945 to 2015.
